

F6

We are pleased to release the NEW Stonex F6 HANDHELD SCANNER for fast scanning of big objects and large areas from short to far ranges. Based on a patent algorithm of innovative encoding, Stonex F6 provides superb quality of data making it the ultimate device for scanning complex scenes within seconds.

The F6 is operated by Echo, an advanced and easy-to-use integrated software with high-end features such as:

- Advanced scanning modes with real time feedback
- Powerful 3D data editing tools
- Data quality for controlling distances and accuracies
- Advanced meshing with full color projection

About Stonex

Stonex is one of the world leader company on measurement and survey, with over 80 qualified distributors worldwide.

Thanks to the integration of different positioning technologies and software the wide range of solutions allows to meet the needs of many fields of application and industries, such as: building and construction, land survey and cadastral survey, GIS data collection, 3D Scanning (architecture, archeology, industrial measurements, volume calculations), agriculture and smart farming, land and structure monitoring.

Each geospatial requirement can then be addressed and solved with a Stonex solution.

Joined together with an unbeatable professional expertise Stonex offers a wide range of top quality services, to satisfy all pre-sales and post-sales needs.

Stonex is a part of Beijing UniStrong Science & Technology Co., Ltd, global provider of GNSS, positioning and timing technology for the geospatial market.
