

## STONEX Announces the New Cube-a 4.0

*Lissone (MB), Italy, November 17<sup>th</sup> 2017*

Today Stonex announces the release of the Stonex Cube-a 4.0.

Cube-a is Stonex surveying and mapping software designed and developed for Android platform. Thanks to the flexibility of Android environment, we have been able to create a simple and intuitive user interface that makes surveyors ready for any work, saving time and increasing productivity. Full support for touch gestures and the possibility to install it on Smartphones and Tablets are the keys to the success of Cube-a 4.0.

Please email [cubesuite@stonex.it](mailto:cubesuite@stonex.it) for any communication regarding Cube Suite products. Below you can download the Cube-a 4.0 software, presentation and user manual.

### **About Stonex**

Stonex is one of the world leader company on measurement and survey, with over 80 qualified distributors worldwide.

Thanks to the integration of different positioning technologies and software the wide range of solutions allows to meet the needs of many fields of application and industries, such as: building and construction, land survey and cadastral survey, GIS data collection, 3D Scanning (architecture, archeology, industrial measurements, volume calculations), agriculture and smart farming, land and structure monitoring.

Each geospatial requirement can then be addressed and solved with a Stonex solution.

Joined together with an unbeatable professional expertise Stonex offers a wide range of top quality services, to satisfy all pre-sales and post-sales needs.

Stonex is a part of Beijing UniStrong Science & Technology Co., Ltd, global provider of GNSS, positioning and timing technology for the geospatial market.
